SUMMARY OF QUALIFICATIONS

- Strong ability to work in team setting with proven **Open Source GitHub** contributions utilizing **Git**. Contributed to **raylib-extras/rllmGui** which has **487 GitHub Stars**, and is actively used by thousands of users.
- Very self driven, and quick learner with numerous personal and academic projects. Created a **CUDA GPU Accelerated Light Transport Program**
- Strong skills in **Mathematics** and **Programming**– with coursework and projects to match.

PROJECTS

EDUCATION

Moreno Valley College - Moreno Valley, CA

2023 - Present

Associates in Computer Science

Associates in Mathematics

Summary:

- Learned how to program in **C++, Java, Javascript** , and **Assembly** with personal and course projects to demonstrate fluency.
- Learned strong problem solving and mathematical reasoning skills with a strong focus in **Linear Algebra, Differential Equations, and Calculus**.
- Completed most, if not all relevant classes, with strong ending grades.

Relevant Coursework:

- **CIS-7 – Discrete Structures** : Received an A.
- **CIS-17A – C++ Programming Data Structures** : Received an A.
- **CIS-5 – Intro to C++ Programming** : Received an A.
- **MAT-3 – Linear Algebra** : Received an A.
- **MAT-2 – Differential Equations** : Received a C.
- **MAT-1B – Calculus 2** : Received an A.

Rancho Verde High School - Perris, CA

Summary:

- Learned to program in **Java**, and **Javascript**
- Learned fundamental mathematical skills in **Calculus**

Relevant Coursework:

- **Cisco IT Essentials – CompTIA A+ Certification Preparation.**
- **AP Computer Science A – Java Programming**
- **AP Computer Science Principles – Javascript Programming / Programming Fundamentals.**
- **AP Calculus AB – Calculus 1.**

CERTIFICATIONS / AWARDS

CompTIA A+ Certification

CompTIA – 2024

UCR Programming Challenge Champion

University of Riverside – 2023
