

Quien Yo Soy? Who am I?

Who am I?

Well... That depends who's asking.

*If you randomly saw me,
I look like a "Hispanic dude".*

*If you know me,
I'm mixed.*

*If you're a stranger,
I'm "Leslie".*

*If you're my friend,
Sometimes I'm Delano.*

*If you're my family,
Sometimes I am DJ.*

*If you're my love,
I will give you the world.*

*If you asked,
I love learning, programming, math, music, art, people, and so much more.*

*If you didn't,
I "wont stop" asking you.*

*If you're an employer,
I'm Delano Leslie.*

*If you're my boss
I'm already on it.*

*If you're my teacher,
Maybe I'm your curious student.*

*If you're my classmate,
Maybe I'm too chatty.*

*If I'm comfortable with you,
I am a girl.*

*If I don't know you,
I am a guy.*

*If you're understanding,
I have ADHD.*

*If you're not,
I "make excuses".*

*If you're a poem,
I might be the subject.*

*But... If you're **me**?*

I am not sure, **I am** still learning about, and crafting *that*, every day.

It *definitely* would be hard to fit, *that*, in a poem.
